

Register your i>clicker remote

If your professor is using i>clicker with his/her Blackboard course, you must register your remote inside the Blackboard course. Look for the link below (*figure 1*), inside the course or ask your professor where to find the link. If a link is not inside the Blackboard course, ask your professor to create one.

If you already registered your remote at iclicker.com, you must re-register inside the course.

Clicker [here](#) to Register your remote, ONLY if your course is NOT IN BLACKBOARD.

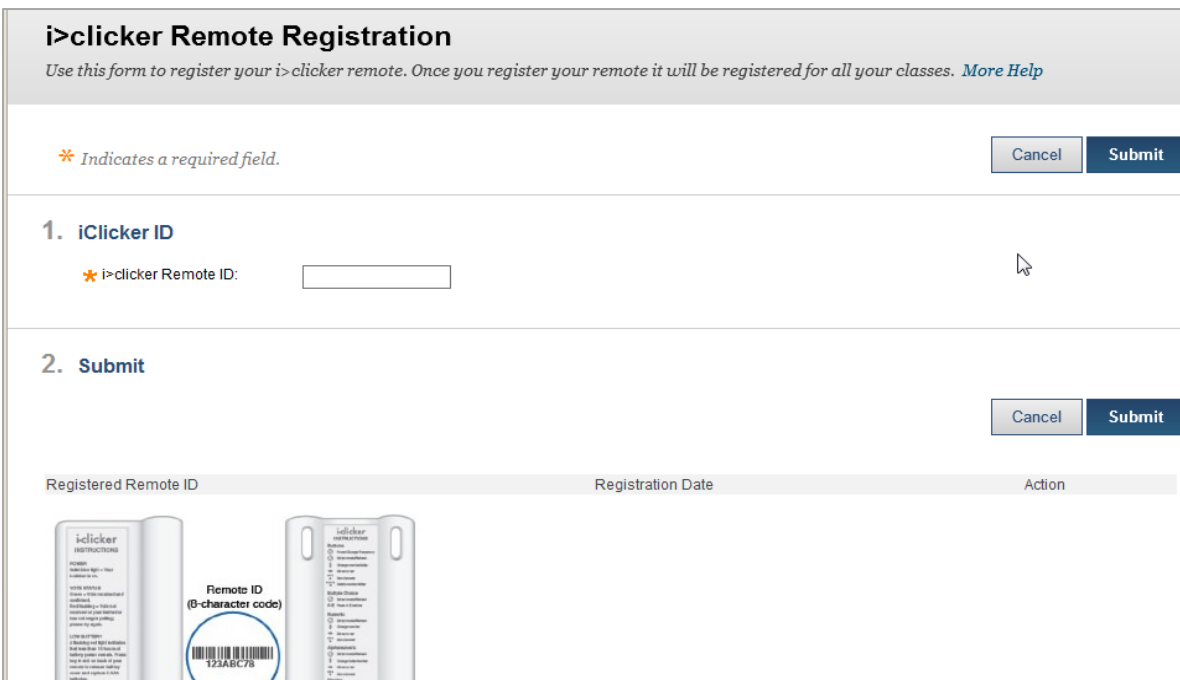

Figure 1 Registration link

The registration form is titled "i>clicker Remote Registration" and includes a "More Help" link. It contains a legend for required fields, two "Submit" buttons, and a table for registered remotes. At the bottom, there is an image of an i>clicker remote with its 8-character ID "123ABC78" circled.

i>clicker Remote Registration
Use this form to register your i>clicker remote. Once you register your remote it will be registered for all your classes. [More Help](#)
